Good afternoon,

I hope everyone is doing well. Please see the updates below. Any questions or concerns, please let me know, take care, and have a wonderful weekend.

Campus COVID-19 Statistics:

<https://www.colbycc.edu/news-information/2019-20/covid-19-updates.html>

Personal Protective Equipment (PPE):

We just received additional hand sanitizer this week that will be disseminated at the beginning of the spring semester. In addition, we have new masks that will be arriving within the next two weeks (varying sizes, gray and blue in color) that we will be providing at the beginning of the spring semester.

Thomas County, KS COVID-19 Statistics:

Active cases in Thomas County are going up at an exponential rate, but the bigger concern that I have is the 42.4% 14-Day Avg. Percent Positivity rate. That is nearly twice as high as the Kansas state average. Please be safe in how you are interacting with others, maintain proper social distance, and always wear a mask when social distancing is not feasible. <https://www.thomascohealth.com/>

Seth Macon Carter, Ed.D.
